Hi Jay and Jim.

I am planning on conducting an inspection at <sup>Ex. 6 (Personal Private)</sup> Family Farm in Stockton, IL tomorrow. I have an open Administrative Order with the facility that I'm hoping I can close. I need to do an inspection to verify that I can close the AO. **Ex. 5 (Deliberative Process)**

<sup>Ex. 6 (Personal Private)</sup> I would love to have an Illinois EPA inspector join me on the inspection. Since Lee Heeren is gone, is there someone else that is covering that area?

Thank you.

-Joan
